Jazslings Baby Slings are the easiest and most practical baby carriers. Our design is based on the native sling which has a curve sewn into the sling that keeps the sides up to securely hold your baby while supporting the natural curve of the baby's spine. INPAA Approved (Infant and Nursery Product Association of Australia), Australian Made and suitable for newborn through to 3 years of age or 20kg, the Jazsling baby Sling is a must for every parent.
